3	Demarco Brown	2/3/1993	CA	F2241325	3			

If any units or drivers need to be added, please forward the information to your agent.

In the event of a total loss claim, the stated value of equipment is not a guaranteed payment amount. The actual cash value (ACV) or stated value will be paid, whichever is lower, less the deductible. ACV will take into account the market value at the time of the loss, which is typically the cost to replace the unit with the same year, make, model, as well as similar mileage and updates or customizations. Updates factored into the stated value cannot include routine maintenance or repairs.

Appropriately valuing equipment is the responsibility of the policy holder. TruServe Insurance is not responsible for equipment being over or under valued.

Please provide my loss runs with your company for the following:

Company

Policy #

Effective Date

Please send the loss history to my Agent of Record below or please send them directly to my e-mail address listed above.
