Hi,

This is **Michael**, your **Trucking Insurance Advisor**. I work with owner-operators and small fleets to make sure they're **properly protected** — and not overpaying for coverage.

Whether you're hauling local or interstate loads, I can help you secure the **right insurance package** that fits your operation and budget.

### ✓ Available Coverages:

- Primary Liability
- Motor Truck Cargo
- Physical Damage
- Non-Trucking Liability (Bobtail)
- General Liability

To send you your **personalized same-day quote**, please share a few quick details:

- **Truck VIN(s)** (Make / Model / Year)
- **Driver Name(s) & License State**
- **Date of Birth(s)**
- **Loss Run (if any)**
- **Type of Freight you haul**

Once I have this information, I'll get your quote ready today — including any **discounts and ongoing offers** available for your profile.

Let's make sure your trucks are **covered right and saving more**.

Best regards,

**Michael Smith**

Hi Roman,

Thank you for the quick response.

Since you're the owner and driver for **Kazkor Logistics LLC**, I just need your **Driver's License number, License State, and Date of Birth** to finalize your quote with:

- **Auto Liability: \$750,000**
- **Cargo: \$100,000**
- **BMC-91 Filing** (we will submit this directly to FMCSA once coverage is bound)

Once I have these last details, I'll prepare your quote right away with all eligible discounts.

Best regards,

**Michael Smith**
