Subject: Fleet Transfer, Updated Quotes, and Additional Units for Coverage

Good evening Jerry,

I know we've been going back and forth regarding the insurance quote and removing my vehicles from my current insurance company. I'm now ready to move forward with bringing all of my business under your coverage, and I'd like to see what fleet discounts or cost-effective options may be available for transferring my entire operation.

Below are the units I need quoted and added:

Trucks to Add

- 2017 Freightliner Cascadia 125

VIN: 1FUJGLDR3HLHP0693

All units listed are fully paid for or scheduled to be paid off and picked up within the next 45 days. We have ELDs active in all trucks and a full safety management program in place. I also have dedicated contracts ready to activate once these trucks are insured and operational.

Requests / Questions

1. Can you review fleet transfer pricing or multi-unit discounts for moving my entire operation under your coverage?
2. Please finalize the updated quotes for all units listed.

If possible, I would appreciate having everything finalized by Monday to avoid delays.

Thank you in advance for your help and urgency on this.

Best regards,

Kevin B. Cooper Jr.
