Hi Charles,

This is Jerry— I have your company, driver, and business details ready to finalize your trucking insurance quote. Before I send the pricing, I just need one quick update:

You mentioned you are using a **Ford F-350** instead of the 2023 GMC.  
Could you please share the **VIN number** for your Ford F-350 so I can accurately verify the vehicle in my system?

Everything else you provided looks correct.

Once I receive the VIN, I'll run the numbers and send your finalized pricing and coverage options right away.

Thank you, Charles — looking forward to your reply.

Best regards,  
Jerry Smith

Hi,

Thank you for the information.

Before we finalize your trucking insurance quote, could you please confirm:

- Loss Runs / Claims History** – Have you had any insurance claims in the past 3–5 years?
- Hauling Details** – What type of freight do you typically transport?

Your response will help me ensure accurate pricing and the right coverage for your operation.

Best regards,  
Jerry Smith
