Hi Sir,

Thank you for your response!

To finalize your personalized trucking insurance quote, I just need a few quick details below — you can simply reply back with the information:

Equipment / Truck Details

- VIN(s)
- Year / Make / Model
- Liability limit needed (e.g., \$1M)
- Any finance/lease? (Yes/No)

Driver Details

- Driver full name(s)
- License State & Number
- Date of Birth(s)
- Loss Runs (if available)

Once I have these, I'll get your quote prepared and sent over within 24 hours.

And if anything is easier to share as photos (registration, license, etc.), you're welcome to send pictures too.

Looking forward to assisting you with the best coverage options and pricing.

Best regards,

Michael Smith

If it's easier, you can simply send a picture of the truck registration and driver license — I can extract the details from there.

Once I receive this, I will finalize your quote and send the pricing options within 24 hours.

Appreciate your time — looking forward to helping you lock in the best coverage and savings.

Best regards,
Michael Smith
