One question your underwriter may have is why am I changing?

Last month the an insurance broker set up the current policy with Progressive. I was informed later by Progressive that they were an unauthorized broker and should have never been allowed to bind the policy. As a result, Progressive is canceling the policy as of 1/1/2026. I have since had to file a police report and treat the instance as fraud. If not for this, I would not be changing.
